Tyler, TX 75707

## ENVIRONMENTAL POLICY

As a member of the East Texas community, Carl Owens Paint and Body, Inc. is devoted to protecting and sustaining our environment. This commitment is not limited to the environmental rules that may preside over our industry, but also includes any additional activities that may effect or involve our community.

Carl Owens Paint and Body, Inc. is dedicated to awareness of the environmental segment of our processes in order to better establish purposes and goals toward improving the environment and our business practices.

Carl Owens Paint and Body, Inc. endeavors to:

- Comply with applicable environmental laws, regulations, and customer requirements;
- Ensure compliance with our customers' Environmental Management Systems;
- Periodically evaluate objectives and targets that have been established in order to ensure attention to all environmental contributors;
- Maintain good communications with the community and other interested parties with concern to our environmental impacts and performance;
- Reduce and prevent pollution and waste wherever possible through our processes;
- Commit to an organizational attitude of Continuous Improvement.

This policy is periodically reviewed to ensure relevancy with existing environmental and business concerns. This policy is made available to all employees, members of the East Texas community, and any other interested parties upon request.

*Carl Owens, Jr.*

Carl Owens, Jr.  
President
